

Oslo Bowlingklubb

Welcome to get to know us!

Oslo Bowlingklubb has around 40 members and is a club for both beginners and for those who know a lot of bowling. Our home arena is Lucky Bowl Veitvet in Oslo.

Training

We offer regular member training once a week at Veitvet, Tuesdays at 18:00 – 20:00. The training starts around 20. August and continues until April. New players are welcome to train with us for free on two Tuesdays. This way you will get to know us better before signing up for a club membership.

Juniors

Our juniors train on separate lanes on Tuesdays at 18:00 – 20:00 under expert guidance. The club's junior committee takes special care of the juniors and provides development opportunities.

Player development

The club's sports committee is responsible for team selection. It also implements activities for members to develop their game further. Examples are training sessions in Norway or Sweden.

League games

The club participates with three teams in the nationwide league system, with four teams in the local Oslo league (arranged in halls in the Oslo area) and with one team in the veteran league (which is run as a "telephone league" at Tuesday's training). Each league team consists of 3 - 6 players.

Veterans

The club's veterans' committee facilitates veteran activities. Veteran age starts at 45 or 50, it's different for Females and for Males.

Tournaments and championships

To ensure activity and the club's finances, the club arranges tournaments / cups at Veitvet every season. Our tournament committee and members are responsible for hosting the championships in cooperation with NBF.

Several of our members participate annually in NM single / double, NM Team, NM Veteran, NM Junior, KM Single / Double etc.
